

Building Community

Paul, Benji, Kate,
Prarthna, Emily,
Kay, Robbie

Introducing the Future to the Future

Problem

American high-schoolers lack opportunities to explore emerging scientific horizons

Solutions

- Create a website for teachers
- “Did You Know?”

Med. Ed.

Problem

Lack of basic health intuition and sanitation principles in rural communities across the globe

Solutions

- Mentorship training program
- Grassroots approach
- Educational programs in rural villages

Thirsty for Solutions

Problem

Limited access to
clean, safe,
useable, drinkable
water

Solutions

- Specialized to the
community

Mobile Medicine

Problem

Limited access to
healthcare
facilities

Solutions

- Traveling clinics
- Ground efforts to address needs of rural communities

All You Need Is One

Problem

Lack of monetary and natural resources to solve issues of malnutrition and vitamin deficiency

Solutions

- “Super-crop”
- Golden rice
